

PRODUCT INFORMATION

Frederick's
Furniture
Gallery

100 Woodlawn Rd W, Guelph, ON

519-836-4005

FRAME FEATURES

SOLID WOOD FRAME

Solid wood frame is kiln dried to prevent warping. Plywood used for shaping is always backed with solid wood

EXTRA THICK WOOD

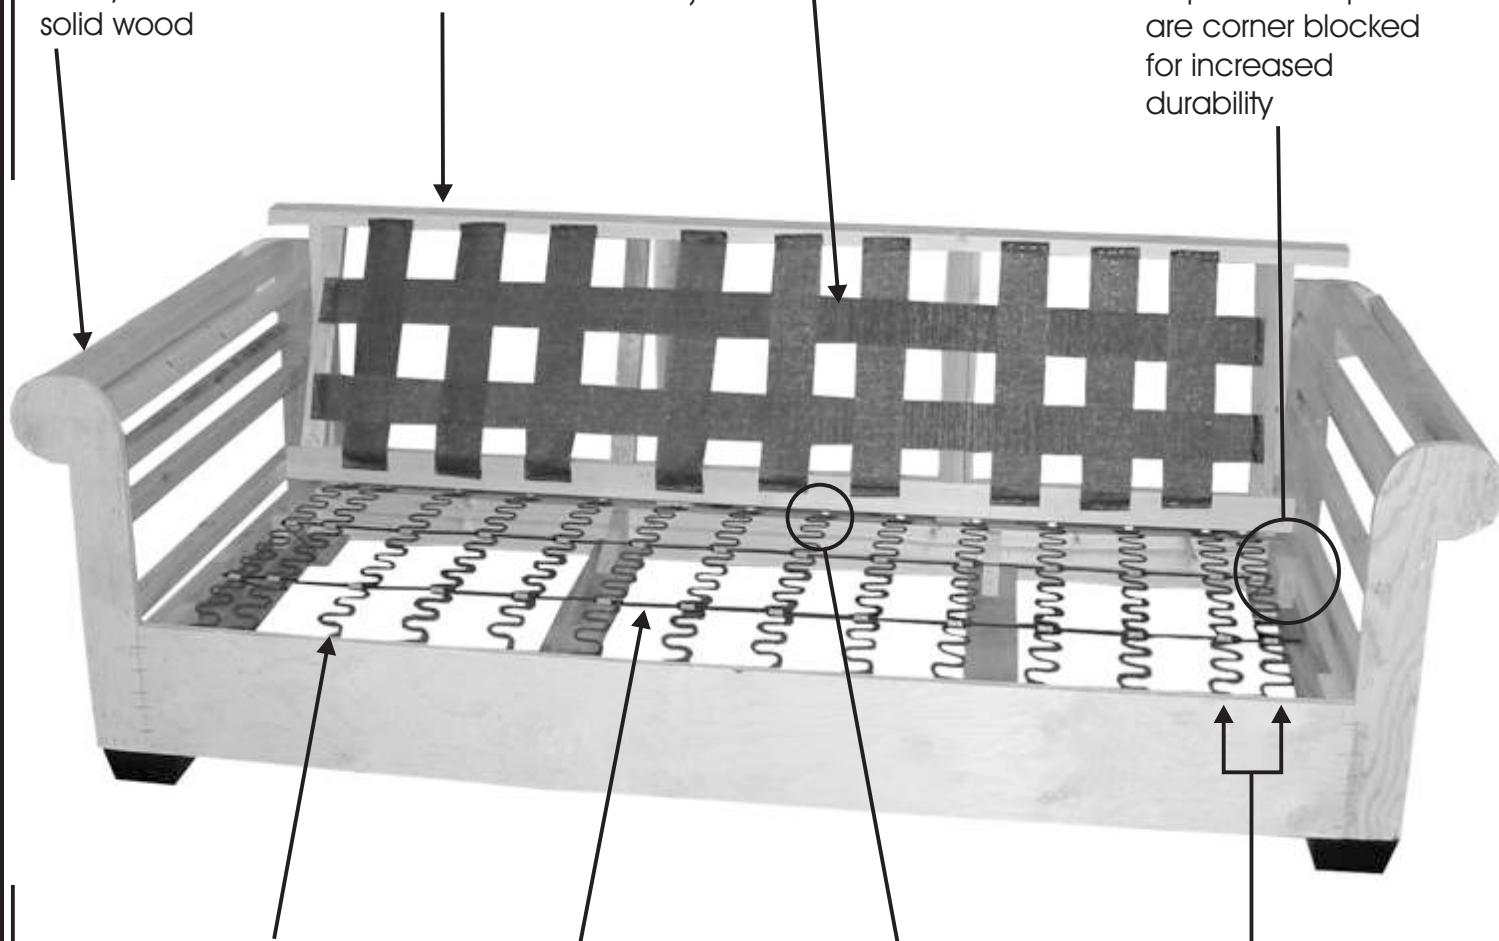

1 & 1/8th of an inch lumber is used for additional strength. (Most furniture frames are 3/4 inch)

ELASTICISED WEBBING

Provides support for back cushions and helps to prolong the back cushion's life

GLUED AND CORNER BLOCKED

All joints are glued and stapled with 2" glue coated frame staples. Stress points are corner blocked for increased durability

NO SAG SPRING SYSTEM

"S" shaped springs provide long lasting support and superior comfort. 8 gauge wire is used on seat springs and 11 gauge on sprung backs.

LATERAL STABILIZERS

Produce a more "up and down" ride by spreading the weight over multiple springs

EVERWARE COATED SPRING CLIPS

Prevent squeaking caused by metal to metal contact

EXTRA CORNER SPRINGS

Additional springs in the corners provide extra support and reduce roll into the corner

FINISHING FEATURES

FULLY PADDED FRAME

Outside back, sides and front are padded to increase durability and provide more attractive tailoring

SLICK HOLLOW CONJUGATE

Fibre fill in back and toss cushions is hollow and twisted for added resiliency. A silicone coating reduces clumping

SEWN BAFFLES

Horizontal baffles sewn into the back cushion inserts minimize shifting of fill materials

EXCEPTIONAL FINISHING

Details such as piping, zippered back and seat cushions and pattern matching provide a better finished piece

HIGH DENSITY FOAM

Dense foam ranging from 2.0 to 2.75 lbs provides longer lasting comfort and support

SELF COVERED DECK

Deck material matches the body fabric. No unsightly white decking material

CROWNED SEAT CUSHIONS

Cushion cores are shaped to provide a crowned shape that will last the life of the cushion

DACRON WRAPPED FOAM CORES

Reduces fabric shifting and prevents friction wear from fabric to foam contact

SOFABED FEATURES

LOW PROFILE HEAD TUBE

Recessed head tube keeps the users head safely away from the mechanism

EXTRA THICK MATTRESS

Available in 5" or 6 & 3/4" models.

HIGH COIL COUNTS

Extra coils provide Long lasting support
Queen 336 coils
Double 312 coils
Twin 216 coils

RETAINER CLIPS

Two mattress retainer clips prevent the mattress from shifting

VANITY FLAP

Self covered mini-deck hides the mechanism when not in use

ONE PIECE LEGS

Provide greater strength and stability.

CONTRACT GRADE MECHANISM

All tubular steel construction provides additional durability for high usage

FEATHERSOFT SEATING

Selected styles are available with optional Feathersoft seat cushions

- 200 thread count percale cover prevents feathers from migrating through the fabric
- Sewn baffles to reduce shifting of fill materials
- 50% small waterfowl feathers, 50% fibre blend provides the comfort of feathers with the resiliency of fibre.
- High density foam core (2.0 LBS) with beveled edges to help maintain shape.

CUSTOMERS OWN MATERIAL (C.O.M.)

All Stylus cutting patterns are railroaded, thus fabrics are cut to railroad on the furniture. Fabrics which run up the roll will therefore be handcut. These fabrics will require more yardage and incur an additional charge. An example of each is shown to the right. Fifty-four inch wide fabrics not railroaded when applied to long cushions, or narrow fabrics not railroaded when applied to most cushions will require seaming. The factory will position these seams at its discretion. If special placement is desired, it must be stated on your orders and an additional cost will apply. Unless a customer gives special instructions with orders as to the application of fabric, our own judgement will be used in applying the fabric.

"Railroaded" fabric

"Up The Roll" fabric

For a Customer's Own Material (C.O.M.) with patterns 54" wide or less please supply extra yardage as indicated below:

Fabric Width	Repeat 5-15"	Repeat 16-21"	Repeat 22-30"
54"	25%	30%	35%
48-53"	35%	40%	50%

This is strictly a guide only. There may be orders due to unusual designs or repeats of the fabric that will require additional yardage. This may not be known at the time of order, and may result in a production delay and the need for additional yardage. Our customer service department will contact you under these circumstances.

CUSTOMIZATION

Stylus offers customization of many tailoring aspects available at an upcharge. These include:

- ~ Adding or removing skirts
- ~ Two toned seat, backs or toss cushions
- ~ Adding fringe to cushions
- ~ Changing back cushion styles
- ~ Firm seat foam (no charge)
- ~ Contrast piping
- ~ Adding or removing piping
- ~ Attach back cushions

*Customization not available on all styles. Please check with customer service for style availability

Frame ~ Lifetime Limited Warranty

Stylus warrants that the frames used in its products will carry a lifetime (25 years) pro-rated* warranty against defects in materials

Springs ~ Lifetime Limited Warranty

Stylus warrants that the springs used in its products will carry a lifetime (25 years) pro-rated* warranty against defects in materials

Foam ~ Lifetime Limited Warranty

The foam products used in Stylus seat and back cushions shall bear a lifetime (25 years) pro-rated* warranty against excessive loss of resiliency. Note that all foam will soften initially and this is considered normal. Each customer should be aware of the proper care for seat cushions including rotating cushions weekly. Do not remove covers for cleaning.

Mattresses & Mechanisms ~ 3 Year Limited Warranty

Stylus warrants that the mattresses and mechanisms used in its products will carry a 3 year pro-rated* warranty against defects in materials

Exposed Wood ~ 1 Year Limited Warranty

Exposed wood parts shall carry a 1 year limited warranty against material defects.

Fabric ~ 1 Year Limited Warranty

Stylus warrants that the upholstery fabric on each piece of furniture shall bear a one year limited warranty against manufacturers defects. This warranty will cover excessive wear and seam slippage under normal usage. This warranty does not cover pilling, fading, shrinkage or soiling. This warranty does not apply to end of line fabrics, close outs, seconds, fabrics treated with after market fabric treatments or fabrics exposed to pets.

*Pro-rated Formula: Equal to month(s) used divided by month(s) warranted multiplied by current suggested retail price to be determined by Stylus.
